

# CITRIS INVENTION LAB

WHERE YOUR IMAGINATION TAKES FORM

**1,700** SQUARE FEET

**12** 3D PRINTERS

**2** LASER CUTTERS

**∞** POSSIBILITIES

The CITRIS Invention Lab is your campus laboratory resource for innovation – providing local expertise, community knowledge, tools, materials, and support to rapidly design and prototype your next novel interactive project, embedded sensing system, integrated mobile device, wearable technology, responsive architecture, connected artifact, and beyond.

The Invention Lab is located on the first floor of Sutardja Dai Hall in Room 141 at UC Berkeley and is open to the entire campus community of students, faculty, and staff. The Invention Lab is part of the Maker Pass system offered jointly with Jacobs Hall.

**Come launch your own semester of making!**

**LEARN • BUILD • LAUNCH**
